A Visit to Living Green Design

This month we change venue for our meeting. We will convene at 6:00 pm at Living Green Design in SF to inspect the beautiful artifacts. At 6:30 pm our speaker and owner **Davis Dalbok** will discuss vertical gardens, his landscape design approaches, and lead the Q&A. Davis has been collaborating on award-winning garden design in the Bay Area and beyond for 15 years. His work has been featured in Garden Design and Sunset magazines as well as several books featuring garden design.

Living Green Design is a wonderful place to have our meeting, so do not miss this opportunity. To learn more about Living Green Design check out <http://www.livinggreen.com/>

Chairs are in short supply, so please bring one or two chairs if you can.

We will need refreshments this month. Please bring only beverages.
