

BROMELIAD SOCIETY OF

SAN FRANCISCO

MAY 2017

Meeting Specifics

When: Thursday, May 18

Time: 7:30 PM

Where: Recreation Room
San Francisco County Fair Building
9th Avenue at Lincoln Way

Tillandsias of Oaxaca and Chiapas

This month **Martin Grantham** will be our speaker. Martin is in the biology department at San Francisco State University and is the manager of their greenhouses. Every time he attends one of our meetings he brings in plants for show-and-tell. You can be assured that these plants are usually rare bromeliads in perfect bloom.

His talk for us this month is based on field work that he performed last year and in January this year in Oaxaca and Chiapas. This area contains marvelous plant material including some of the monocarpic tillandsias that we all desire like *Tillandsia prodigiosa*. Be sure to attend this month's meeting to see beautiful tillandsias.

Roger Lane will bring beverages. Other refreshments will be appreciated.
