Recreation Room

Where: San Francisco County Fair
Building
9th Avenue at Lincoln Way
San Francisco

Designing and Constructing the Moyer/Samuelsen Garden

This month, **David Feix** will take us through the design and creation of the garden of our members **Marilyn Moyer** and **Peder Samuelsen** in Redwood City. David has been a Bay Area landscape designer for 4 decades. He specializes in residential gardens in California with an emphasis on subtropicals, bromeliads, succulents, and proteas with an overlay of Mediterranean and Southeast Asian architectural influences and detailing. His work has been featured in *Sunset Magazine*.

Come to our meeting this month to see how David developed Marilyn and Peder's landscape.

Roger Lane has signed up for refreshments this month, but our members always come up with delicious goodies. Thanks in advance.
